

VIRTUAL DISCUSSION MEETING ON CHLORINATED PARAFFINS

VU AMSTERDAM
27 AUGUST 2020

Following up on a successful (virtual) discussion session on chlorinated paraffins (CPs) at the May 2020 SETAC Europe annual meeting, we would like to invite you for a web-meeting to be held at Thursday 27 August 2020 to continue the discussions and information exchange that started during this session. The intended participants of this meeting would be those who participated in the SETAC meeting and also any other parties that are interested or actively involved in CPs. The focus of this web-meeting will be on discussions on certain topics and only a few presentations will be given. Topics will include the current state of analysis (including challenges & needs) and of knowledge (what do we know, what do we need to investigate further) as well as the way forward (where to focus on next).

INFORMATION

When Thursday 27 August, 13:00-17:15 CEST
